

TARUN SARDESAI GOLF

ACADEMY RESIDENCES

Hello

Thank you for your interest in the academy residences.

It has been a longstanding dream of Tarun Sardesai to create the right environment for young golfers who want to take the game seriously.

Life at the academy

STAY

Located at Zion Hills Golf County, the residences operate out of 3 villas. Each villa has 3 bedrooms and on a sharing basis our maximum capacity is 17 students. The villas are in close proximity to each other allowing the students the comfort and security of being together.

DINING

While every villa is equipped with its own functional kitchen, a professionally run kitchen has also been set-up to cater to all the meals and snacks requirements. The students will eat together in the dining facility.

HOUSE-KEEPING

The housekeeping staff will ensure that the bed and bath linen is washed and changed once a week. However, the students will be responsible for making their own bed every morning and doing their own laundry in the washing machines and driers provided.

FUNCTIONAL TRAINING GYM

We also have a fully equipped functional training gym.

For all students who stay at the academy for a minimum one-month, a fitness plan will be designed by our fitness expert after his/her physical assessment.

There will also be a gym trainer onsite to make sure the student has help following his/her prescribed fitness plan.

PHYSIO- THERAPY

A physiotherapist will be on campus twice a month.

For the long stay students a biomechanical assessment will be done at the time of joining followed with sports massages twice a month to release tightness in the muscles caused by the long hours of practice.

The physiotherapist will consult the fitness expert on a timely basis for every students overall physical wellbeing.

THE FACILITY

Zion Hills is one of the few courses that can boast of top quality bent grass greens.

It is a world-class training facility with all-grass tees and a great short game facility comprising of a 12000 square foot putting green and similar sized greens for chipping, pitching and bunker practice.

GOLF TRAINING AND PRACTICE

Tarun Sardesai will be onsite on a regular basis to monitor and train all the players as required. Individual practice schedules will be provided to all players.

The emphasis will be on independent practice where the players learn to assess and correct themselves. However, if the students have any doubts Tarun's assistant will be available everyday to give the players any help they need.

STUDY AND LOUNGE

There will a designated study area for those who want quiet time to do homework or simply spend time reading. The lounge space cum TV room will be separate.

SECURITY

For additional security we have both a male and a female attendant who will be staying the night in the villas. The female attendant is also a qualified nurse.

GETTING AROUND

Bicycles will be made available for students to travel within the golf course.

GUARDIAN STAY

Every villa we have accommodates both boys and girls together albeit in separate rooms. If a parent wishes to accompany their child we will be happy to have you with us provided there is space. There will be a nominal cost.

Training with Tarun

In an effort to make the training more affordable and not on an hourly basis, players who train with Tarun on a long-term program will be charged Rs. 75000 annually. This fee takes care of all their training and use of necessary technology such as the Sam PuttLab and Flight Scope. Players may come in as many times during the year and stay at the academy with their coaching taken care of with this fee.

Some of you who may have already paid a commitment fee have the option to stay on the existing plan for which you are charged on an hourly basis over and above the same. Alternatively, you can shift to the new annual plan mentioned above by paying the difference.
